

GoTo Connect for Legal Practices

All-in-One Platform to Simplify Communication and Strengthen Client Relationships

GoTo Connect helps law firms streamline communication, enhance collaboration, and improve client engagement whether in the office or working remotely. Combining voice, video, and AI-powered tools into one secure platform, GoTo Connect simplifies operations for firms of all sizes. With built-in security and compliance features, it empowers legal teams to deliver exceptional service while managing workflows efficiently.

A Solution Tailored for Modern Legal Practices

Streamline office communication by unifying calls, video meetings, messaging, and smart voicemail transcription, accessible from any device.

Enhance attorney productivity by automating routine tasks like tracking billable hours, generating meeting summaries, and managing workflows.

Build better client relationships by delivering personalized, professional client engagements through secure messaging, email, and phone tools.

Secure sensitive data to ensure compliance with legal industry standards using encrypted communications and a robust security framework.

Seamless integrations with your most-used apps

GoTo Connect for Legal Professionals

Everything your law firm needs to communicate, collaborate, and deliver outstanding client experiences.

All-in-One Communication Platform

Bring calls, video meetings, messaging, and more together in one secure, user-friendly system. Centralize client conversations so every inquiry is tracked, resolved, and saved—ensuring nothing falls through the cracks.

Attorney Collaboration Tools

Connect attorneys and staff with a centralized hub for updates, secure file sharing, and seamless workflow coordination. Whether managing case files or hosting virtual client meetings, GoTo enables smarter team collaboration.

Multi-Channel Client Engagement

Engage with clients through channels like SMS, video conferencing, and email. GoTo's smart tools simplify outreach, ensuring timely responses and professional interactions for every case.

AI-Driven Insights

Unlock valuable metrics with advanced analytics on client communications and team performance. AI features like call summaries, automated meeting notes, and sentiment analysis free attorneys to focus on their cases.

Cloud-Based Flexibility

Accessible from any location, GoTo Connect supports legal firms in creating seamless workflows across hybrid, remote, and in-office environments.

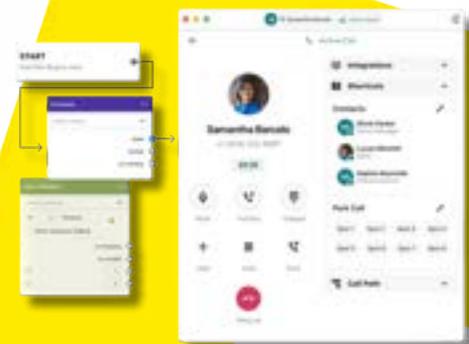

Empowering Attorneys, Paralegals, Office Managers, and IT Teams to Work Smarter

 **For Attorneys:** Maximize billable hours with automated tracking, host secure virtual meetings with clients, and access key case information instantly via CRM integrations.

 **For Paralegals:** Simplify case management with collaboration tools, automate routine research tasks, and securely share files with internal teams and clients.

 **For Office Managers:** Streamline team communication, coordinate client outreach efficiently, and monitor firm-wide productivity with detailed reporting and insights.

 **For IT Managers:** Safeguard sensitive client data with enterprise-grade encryption, manage permissions easily from an intuitive dashboard, and scale communication tools effortlessly to meet firm demands.
